INTERNSHIP EXPERIENCE

Front-End Developer|Pharmacy & Stock Management System

- Architected a responsive management dashboard using Next.js and TypeScript, enabling real-time visualization of weekly transactions and inventory levels.
- Engineered a dynamic filtering system for medication expiry dates, significantly improving safety protocols and inventory accuracy.
- Developed a real-time notification engine to alert staff of out-of-stock items, ensuring seamless order management and preventing service delays.
- Implemented complex state management to track medicine availability across various categories, streamlining the pharmaceutical workflow.
- Leveraged Tailwind CSS to design high-fidelity transaction reports, providing stakeholders with clear insights into sales movement. Tech Stack: Next.js, TypeScript, Tailwind CSS, Git, GitHub

EDUCATION

Bachelor of Science in Computer Science

Micro Link Information Technology College

Expected Graduation:2026

PROJECTS

NardiShop | E-Commerce Platform(<https://nardi-shop-c44c.vercel.app/>)

- Engineered a high-performance e-commerce front-end using Next.js and TypeScript, focusing on type-safe data fetching and modular component architecture
- Developed a dynamic product catalog with category-based filtering (Electronics, Clothing, etc.) to enhance user navigation and product discoverability.
- Built a robust Shopping Cart system utilizing advanced state management to handle add-to-cart, quantity adjustments, and persistent checkout flows. Implemented secure client-side User Authentication (Login/Signup) and integrated rigorous Form Validation to ensure data integrity and security.
- Optimized the UI for mobile-first responsiveness using Tailwind CSS, achieving a seamless shopping experience across all device types. Tech Stack: Next.js, TypeScript, Tailwind CSS, Git, GitHub

ABOUT ME

A Front-End Developer who loves turning designs in to beautiful ,responsive user experiences. To me ,code is where creativity comes alive.

EXPERTISE SKILLS

- React
- Javascript(ES6 +)
- Tailwind css
- CSS3
- Visual Studio Code(VS Code)
- GitHub
- Next.js
- TypeScript
- HTML5
- Bootstrap
- Git

RELEVANT COURSEWORK

Modern Web Development:Next.js, TypeScript, Tailwind CSS, React.js, Bootstrap

CERTIFICATIONS

- Front-End Web Development - Udemy
- React.js- Udemy
- Fundamentals of Programming - Udacity
- Next.js 13 with TypeScript- Coding with Mosh
- Modern JavaScript (ES6+) - Udemy
- HTML & CSS- Udemy
